BACKGROUND AND DISCUSSION

Since approximately 1994, Napa County has received unleaded and diesel fuel services from Napa Valley Petroleum. Following an RFP process, on October 12, 2017, County entered into Agreement No. 180153B with Napa Valley Petroleum Inc., to provide discounted rates at multiple retail stations in Napa county and provide bulk fuel delivery and technical services to the County's fueling yards in Yountville, Spanish Flat, and at generator sites throughout the County with maximum compensation of \$325,000. Subsequent to the approval of the agreement with Napa Valley Petroleum Inc., the State of California introduced Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017, which increased fuel taxes for the benefit of the local and state roadway system. This tax and general gas price fluctuations have increased overall fuel costs to the County.

Approval of Amendment No. 1 to Agreement No. 180153B will increase the maximum compensation amount by \$50,000 to \$375,000 per fiscal year. All other terms of the agreement will remain the same.

Napa Valley Petroleum Inc. is a local vendor.
